QUICK TIPS
UCONNECT®
VOICE RECOGNITION GUIDE
UCONNECT 8.4/8.4 NAV
WELCOME TO
UCONNECT
Start using Uconnect Voice Recognition with these helpful quick tips. It provides the key Voice Commands and tips you need to know to control your Uconnect 8.4/8.4 NAV system.

If you see the icon on your touchscreen, you have the Uconnect 8.4 NAV system. If not, you have a Uconnect 8.4 system.
U.S. residents: For device pairing instructions and compatibility, visit [UconnectPhone.com](http://UconnectPhone.com).

Insider tips on how to maximize your driving experience with voice recognition:

- Reduce background noise. Wind and passenger conversations are examples of noise that may impact recognition.

- Speak clearly, at a normal pace and volume, while facing straight ahead. The microphone is positioned on the rearview mirror and aimed at the driver.

- Each time you give a Voice Command, you must first push either the VR or Phone button, wait until after the beep, then say your Voice Command.

- You can interrupt the help message or system prompts by pushing the VR or Phone button and saying a Voice Command from current category.
To control your Uconnect system with your voice, all you need are the buttons on your steering wheel.
1. **Uconnect Phone Button** 📞.

   Push to initiate, answer, or end a phone call, send or receive a text.

2. **Uconnect Voice Recognition Button** 🎤.

   a) **Short Press**: Push and release the VR button to begin Radio, Climate, Navigation, and other embedded functions. After you hear the single beep, say a command.

   b) **Long Press**: Push and hold, then release the VR button for Siri functions. After you hear the familiar Siri “double beep,” say a command.

3. **Phone hang up button** 🕵️‍♂️.
The basic Voice Commands below can be given at any point while using your Uconnect system.

Push the VR button 📡. After the beep, say:

- **Cancel** to stop a current voice session
- **Help** to hear a list of suggested Voice Commands
- **Repeat** to listen to the system prompts again

**WARNING!**

Voice commands should be used only in safe driving conditions following all applicable laws. Your attention should be focused on safely operating the vehicle. Failure to do so may result in a collision causing serious injury or death.
Notice the visual cues that inform you of your voice recognition system’s status. Cues appear on the touchscreen above the main menu bar.
Use your voice to quickly get to the AM, FM or SiriusXM Satellite Radio stations you would like to hear. (Subscription or included SiriusXM Satellite Radio trial required.)

Push the VR button. After the beep, say...

Tune to Ninety-Five-Point-Five FM
Tune to Satellite Channel Hits 1
TIP

At any time, if you are not sure of what to say or want to learn a Voice Command, push the VR button and say “Help.” The system will provide you with a list of commands.
Uconnect offers connections via USB, SD, Bluetooth and auxiliary ports (if equipped). Voice operation is only available for connected USB and iPod devices. (Remote CD player optional and not available on all vehicles.)

Push the VR button 🎧. After the beep, say one of the following commands and follow the prompts to switch your media source or choose an artist.

**Change source** to Bluetooth
**Change source** to iPod
**Change source** to USB
**Play artist** Beethoven; **Play album** Greatest Hits;
**Play song** Moonlight Sonata; **Play genre** Classical
TIP

Press the **Browse** button on the touchscreen to see all of the music on your iPod or USB device. Your Voice Command must match *exactly* how the artist, album, song and genre information are displayed.
Making and answering hands-free phone calls is easy with Uconnect. When the Phonebook button is illuminated on your touchscreen, your system is ready to make a phone call. You may have to wait for a few more moments to issue a Voice Command for hands-free calling.

U.S. and Canadian residents:

Visit UconnectPhone.com for mobile phone compatibility and pairing instructions.

Push the Phone button 📞. After the beep, say one of the following commands...

Call John Smith
Dial 123-456-7890 and follow the system prompts
Redial (call previous outgoing phone number)
Call back (call previous incoming phone number)
TIP

When providing a Voice Command, push the Phone button and say “Call” then pronounce the name exactly as it appears in your phonebook. When a contact has multiple phone numbers, you can say “Call John Smith work.”
Available on iPhone 4S and later. Siri lets you use your voice to send messages, schedule meetings, place phone calls, and more. Siri is full engagement because it understands what you say, knows what you mean, and can even talk back. The system has been designed to help keep you focused by talking to Siri as if it were a person, which is just another way Siri helps you get things done, keeping your eyes on the road and hands on the steering wheel.

To begin, ensure Siri is enabled on your iPhone.

1. Pair your Siri enabled device to your Uconnect system.
2. Push and Hold, then release the Uconnect Voice Recognition (VR) button on the steering wheel until you hear the familiar Siri double beep.
3. After the audible tone, begin speaking to Siri.

“Send text message to Mom.”

Speak clearly, at a normal pace and volume, while facing straight ahead to ensure your command is understood.
Once an incoming text message is read to you, push the Phone button and say: REPLY

2. Listen to the Uconnect prompts. After the beep, repeat one of the pre-defined messages and follow the system prompts.

TIP
Voice Text Reply is not compatible with iPhone, but if your vehicle is equipped with Siri Eyes Free, you can use your voice to send a text message.
### PRE-DEFINED VOICE TEXT REPLY RESPONSES

<table>
<thead>
<tr>
<th>Response</th>
<th>Response</th>
<th>Response</th>

### TIP

Your mobile device must have the full implementation of the Message Access Profile (MAP) to take advantage of this feature. For details about MAP, visit [UconnectPhone.com](http://UconnectPhone.com) for U.S. residents. Apple iPhone iOS6 or later supports reading incoming text messages only. To enable this feature on your Apple iPhone, follow these 4 simple steps:

1. Select “Settings.”
2. Select “Bluetooth.”
3. Select the (i) for the paired vehicle.
4. Turn on “Show Notifications.”
Too hot? Too cold? Adjust vehicle temperatures hands-free and keep everyone comfortable while you keep moving ahead.

Push the VR button \[\text{VR}\]. After the beep, say...

Set driver temperature to 70 degrees
Set passenger temperature to 70 degrees
TIP

Voice Commands for Climate may only be used to adjust the interior temperature of your vehicle. Voice Commands will not work to adjust the heated seats or steering wheel.*

*If equipped.
The Uconnect navigation feature helps you save time and become more productive when you know exactly how to get to where you want to go. (Navigation is optional on the Uconnect 8.4 system. See your dealer to activate navigation.)

1. To enter a destination, push the VR button 📞. After the beep, say:

For the 8.4 Uconnect System, say:
**Enter state.**

For the 8.4 NAV Uconnect System, say:
**Find Address** 800 Chrysler Drive Auburn Hills, Michigan.

2. Then follow the system prompts.
TIP

To start a point of interest (POI) search, push the VR button. After the beep, say “Find Nearest coffee shop.”
WARNING!

ALWAYS obey traffic laws and pay attention to the road. Some Uconnect Access services, including 9-1-1 and Assist, will NOT work without an operable 1X (voice/data) or 3G (data) network connection.

Your vehicle may be transmitting data as authorized by the subscriber.

An included trial and/or subscription is required to take advantage of the Uconnect Access services.
If your vehicle is not connected to an operable 1X (voice/data) or 3G (data) network, the signal strength bars on the “Apps” button on the touchscreen will show a single bar and a prohibition symbol to indicate your vehicle is not connected.

**Uconnect Access is available only on properly equipped vehicles purchased within the continental United States, Alaska and Hawaii. Services can only be used where coverage is available; see coverage map for details.**

**9-1-1 Call**  
**Remote Door Lock/Unlock**  
**Remote Horn and Lights**  
**Remote Vehicle Start**  
**Roadside Assistance Call**  
**Stolen Vehicle Assistance**  

**Theft Alarm Notification**  
**Yelp Search**  
**Vehicle Health Alert**  
**Vehicle Health Reports**  
**Voice Texting**  
**Wi-Fi Hotspot**

**If vehicle is properly equipped.**

**Extra charges apply.**
To unlock the full potential of Uconnect Access in your vehicle, you first need to sign up for Uconnect Access.

1. Push the ASSIST button on your rearview mirror.
2. Press the “Uconnect Care” button on the touchscreen.

3. A helpful Uconnect Care Agent will register your vehicle and handle all of the details.

**Signing up is easy!**

Simply follow the steps above. Or, press the “Apps” button on the touchscreen, then select the Uconnect registration app to “Register By Web” to complete the process using your device or computer.

For further information please visit driveuconnect.com.
MOBILE APPS

You’re only a few steps away from using remote commands and playing your favorite music in your car.

VOICE RECOGNITION QUICK TIPS
To link your Internet radio accounts:

1. Download the Uconnect Access app on your mobile device.
2. Press the Via Mobile icon on the navigation bar at the bottom of the app.
3. Press the app you’d like to connect to your vehicle.
4. Enter your login information for the selected app and press Link.
5. Next time you’re in your vehicle, enable Bluetooth, pair your device and select the Via Mobile app you want to play from the Uconnect touchscreen to stream your personalized music.

You can also complete this process on the web. Simply visit moparownerconnect.com log in and click Set Up Via Mobile Profile (under Quick Links).

Once you download the app to your compatible mobile device, you will also be able to start your vehicle and lock/unlock its doors from virtually anywhere.
You must be registered with Uconnect Access and have a compatible MAP–enabled device to use your voice to send a personalized text message. (Not compatible with iPhone.)

1. To send a message, push the Phone button. After the beep, say: “Send message to John Smith.”

2. Listen to the prompt. After the beep, dictate the message you would like to send. Wait for Uconnect to process your message.

3. The Uconnect system will repeat your message and provide a variety of options to add to, delete, send or hear the message again. After the beep, tell Uconnect what you’d like to do. For instance, if you’re happy with your message, after the beep, say “Send.”
You must be registered with Uconnect Access and have a compatible MAP-enabled device to use your voice to send a personalized text message. For details about MAP, visit UconnectPhone.com. Apple iPhone iOS6 or later supports reading incoming text messages only.

To enable this feature on your Apple iPhone, follow these 4 simple steps:

Select “Settings”
Select “Bluetooth”
Select the (i) for the paired vehicle
Turn on “Show Notifications”

TIP
Voice Texting is not compatible with iPhone, but if your vehicle is equipped with Siri Eyes Free, you can use your voice to send a text message. Messages are limited to 140 characters. The Messaging button on the touchscreen must be illuminated to use the feature.
Once registered with Uconnect Access, you can use your voice to search for the most popular places or things around you.

Push the VR button \( \text{VR} \). After the beep, say...

Launch Yelp

Once the YELP home screen appears on the touchscreen, push the VR button \( \text{VR} \), then say:

Yelp search

Listen to the system prompts and after the beep, tell Uconnect the place or business that you’d like Uconnect to find.
**TIP**

Once you perform a search, you can reorganize the results by selecting either the Best Match, Rating or Distance tab on the top of the touchscreen display.
Need to find a gas station, view local movie listings, check a sports score or the 5-day weather forecast? SiriusXM Travel Link is a suite of services that brings a wealth of information right to your Uconnect 8.4 NAV system. (Not available for 8.4 system.)

Push the VR button 🎤. After the beep, say one of the following commands:

Show fuel prices
Show 5-day weather forecast
Show extended weather 📈
TIP

Traffic alerts provide you with an alternate route to help you avoid construction or delays from reported traffic incidents. Use your touchscreen to accept or decline the recommended reroute.
U.S. residents visit DriveUconnect.com or call: 1-877-855-8400 (24 hours a day, 7 days a week)

Canadian residents visit DriveUconnect.ca or call: 1-800-465-2001 (English) or 1-800-387-9983 (French)

Mon. – Fri., 8:00 am – 8:00 pm, ET
